## FearAsylum Update \* Version 6.6.6

23/10/2007 12:00 by Donovan Cane

Hello Everyone!

Welcome to **FearAsylum Version 6.6.6** , we are under going a Site Overhaul! I'm only doing this due to the limited functionality in wordpress :( with this new software there's alot of stuff I can do and also provide to the Horror Community like a Gallery, Forums, Downloads ect. also you can submit your horror storys and alot more which we couldn't do in Wordpress.

Thanks,
